*Every event finds its place.
Every moment, its beauty.*

The location and its surroundings

Villa Michelangelo enjoys a strategic position in the heart of the Berici Hills and only 15 minutes from Vicenza, one of Veneto's gems and a UNESCO World Heritage Site. Surrounded by five hectares of parkland with centuries-old olive groves and manicured gardens, this 18th-century Palladian-style residence offers breathtaking views of the surrounding hills and welcomes guests with historic elegance and refined charm.

The Berici Hills, known for their unspoilt natural beauty and excellent wine production, are the perfect destination for those seeking a sophisticated event in harmony with nature. The area, rich in native and international vines growing on limestone soil, offers unique food and wine experiences, making the villa an ideal hub for events centred around quality, relaxation and authenticity.

Villa Michelangelo offers a perfect meeting point between nature, culture and hospitality: its proximity to Vicenza's historic centre, the famous Palladian villas and the region's rich gastronomic heritage offers guests not only a memorable event, but also an authentic and exclusive experience.

A corner of paradise surrounded by greenery

On the slopes of the Berici Hills stands the exclusive Hotel Villa Michelangelo. This Palladian-style villa, built in the 18th century as a summer residence for the noble Tomi family, is surrounded by a five-hectare park with centuries-old trees and magnificent olive groves.

The hotel's interiors retain the original Palladian style, featuring high ceilings, antique furniture and elegant Venetian mosaic floors.
