

A photograph of a hotel lobby. In the foreground, there are several wooden chairs with orange and brown striped upholstery. To the left, a beige sofa with orange cushions is visible. In the center, a dark wood reception desk is set against a wall with a large, black and white artwork of a classical figure's head and hair. A potted plant sits on the desk. The floor is a patterned tile. The ceiling has a recessed light fixture. The overall style is classic and elegant.

Michelangelo

ROMA

Cosmopolitan style and classic grandeur. Ceaseless energy and timeless allure. In many ways, the Michelangelo epitomizes the contrasts and contradictions that make Roma one of the world's great cities. Standing just moments from the Vatican, in the heart of baroque Roma, it's hard to imagine a more central spot. Many of the 179 rooms have views across to St Peter's Basilica. While contemporary in style, the hotel is inspired by the same Italian spirit, personal touch, and attention to detail of its namesake: the grand master of Renaissance art.
