

The essence of Rome

Cosmopolitan style and classic grandeur. Ceaseless energy and timeless allure. In many ways, the Michelangelo epitomises the contrasts and contradictions that make Rome one of the world's great cities.

This 4 star design hotel in the heart of baroque Rome, is just moments from the Vatican and offers views across to St. Peter's Dome. Its style is inspired by the same Italian spirit, personal touch, and attention to detail of its namesake: the grandmaster of Renaissance art.
