# Savoia Excelsior Palace Trieste

Trieste

**L**ocated on the picturesque Gulf of Trieste, the hotel, now part of the prestigious Starhotels Collezione, embodies the monumental elegance of the Austro-Hungarian era. The neoclassical façade, with its majestic columns and refined details, immediately bestows the Savoia Excelsior Palace with an aura of grandeur.

Thanks to a careful and meticulous restoration, the palace has regained the splendor of its origins, offering guests a bright and functional environment where understated design is harmoniously combined with great attention to detail. The Belle Époque skylight, which illuminates the Library—a space with a unique atmosphere—captures natural light, further enhancing the hotel's charm. It is a refined luxury, in perfect harmony with its history, which welcomes guests at the Savoia Excelsior Palace in Trieste, an icon of hospitality since it first opened its doors in 1911.

The rooms and suites expertly blend classic and contemporary elements, providing a comfort experience that meets the highest expectations. The Savoy restaurant is the stage for the chef's creations, skillfully blending the traditional flavors of Friuli with more modern and refined offerings, always highlighting local products. For a more informal atmosphere, Le Rive Lounge Bar offers a cozy yet sophisticated setting.

The Savoia Excelsior Palace in Trieste is not just a hotel but a symbol of Central European hospitality, a tribute to the past and an example of excellence in the present.
