

DUOMO LUXURY APARTMENTS BY ROSA GRAND MILANO – STARHOTELS COLLEZIONE

Exclusive apartments and spectacular penthouses with an enchanting view of the Duomo

Duomo Luxury Apartments by Rosa Grand mark Starhotels' entrance into luxury "serviced apartments" sector, in the heart of the Italy's capital of fashion and design, with a unique and dominant position on the spires of the cathedral of Milan.

Four spectacular and exclusive penthouses and twenty large apartments, most with an extraordinary view of the spires of the Duomo of Milan from private balconies and large terraces, are ready to welcome an international clientele seeking to experience the city from the relaxed privacy of a luxury apartment, without sacrificing the services and comfort of a hotel. Immersed in an evocative atmosphere of metropolitan chic, these apartments are veritable Milanese dreamhouses, intimate and elegant, providing guests with a unique opportunity to experience the city like true insiders.

The 'serviced residence' formula is becoming an increasingly popular solution for the most discerning travelers, allowing them to freely organize their stay and take advantage of services such as the hotel's restaurants and bars, wellness area, room service, laundry service, and meeting spaces. It is also possible to request custom services to personalize your stay.

LOCATION

A location at once strategic and prestigious: the **Duomo Luxury Apartments by Rosa Grand Milano – Starhotels Collezione** have their main entrance right on the historic Piazza Fontana, literally at the heart of the city.

Milan's fashion district is just a stone's throw away, the great art collections of Palazzo Reale and the Museo del Novecento are around the corner, as is the impressive Galleria with its elegant boutiques and cafes, and of course, the Teatro alla Scala, the most famous temple of opera in the world.

The Milan Stock Exchange, the pulsing center of Italian business with its fabulous skyline of new skyscrapers is within easy reach, which is why the Duomo Luxury Apartments by Rosa Grand Milano are also an ideal contemporary space where work becomes a pleasure.

DESIGN

Designed by the Milanese interior designer, Andrea Auletta, all of the apartments and penthouses are characterized by ample spaces, beautiful lighting, and furnishings in warm, inviting colors.

Organized according to color schemes, the apartments of the first and second floor have ivory, lobster and rust as dominant tones, while for the apartments from the third to sixth floor warm grey tones prevail.

Modern kitchens open onto a living area, in perfect harmony with large windows and spacious terraces or balconies, offering a truly unique interaction with the city and panoramic views of its historic center. The warmth of the oak flooring serves as a backdrop to the colors of the leather seats, the softness of velvet, and the richness of satin-finished gold. The curtains and upholstery enrich the rooms with chromatic and tactile nuances, where velvet fabrics play a central role in creating a sense of absolute comfort.

All the furniture has been custom designed and built by Italian artisan interior decorators, Divania Horo, with the exception of some of the upholstered seating elements, such as the armchairs by Meridiani and the dining chairs from Montbel.

An exclusive selection of artworks, like the poetic images of Milan by Maurizio Galimberti and the gilded stone sculptures of Francesco Faravelli, grace the walls.
