

VILLA MICHELANGELO VICENZA – STARHOTELS COLLEZIONE
A heavenly retreat in the Berici Hills

The exclusive **Villa Michelangelo Vicenza – Starhotels Collezione** is exquisitely located short distance from the centre of Vicenza in the small town of Arcugnano, on the slopes of the Berici Hills.

The hotel sits within an 18th-century building, originally the magnificent country residence of the Tomi family, who had it designed in Palladian style. From the Tomi family, it passed to the Osboli Counts, and in 1914, the villa was acquired by the Zilio family. In 1977 it was turned into its latest incarnation as Hotel Villa Michelangelo. With its refined elegance and the serene harmony of its shape, the villa attracted the most fashionable noble society of the 18th-century and became known for its fun and grandiose festivities organized during country vacations, even earning mention in Carlo Goldoni's theatrical works.

In line with the original style, high ceilings with exposed beams, antique furniture and traditional Venetian floors characterize the residence today. Over the last century, major renovations have been carried out to transform the villa into a beautifully preserved jewel. Authentic walnut fixtures, floor tiles and roof beams have been restored to their original splendor and adorn the magnificent structure, creating a refined rural ambiance.

This elegant villa, steeped in history, is the perfect getaway for those in search of tranquility and relaxation, away from the stress and strain of urban life. It has a unique structure, consisting of a central body and two side wings with Doric columns that are symmetrically completed by two turrets.

Around the villa is a five-hectare park dotted with centenary trees and magnificent olive groves. Over the centuries, noble women have strolled along these paths for the simple pleasure of walking without aim, soaking in the idyllic rural setting. In the beautiful park today, one can still see many of the original 19th-century trees.

Surrounded by olive groves and softly rolling hills, guests can relax in the swimming pool, which can be covered with a retractable enclosure and serve as the perfect setting for special events and functions, together with the panoramic terrace and loggia.

Immersed in the lush Venetian landscape, the hotel is the perfect base for a holiday in search of culture, relaxation and flavor, and the strategic starting point to discover the many attractions of the Veneto region.

In just a few minutes, guests can reach Vicenza and admire Palladio's works of art, a Renaissance master who influenced the history of architecture in subsequent centuries, all the way to present day. As Goethe wrote: the wonderful buildings "fill the eyes and satisfy the spirit" and earned the city UNESCO World Heritage recognition in 1994.

The hotel is perfectly located for a journey that begins in Venice and ends in Padua, via the numerous Palladian style villas spread throughout the countryside. Real open-air museums, these buildings transform the province into a constellation of art that celebrates the history of architecture from the 16th to the 19th century.

From Hotel Villa Michelangelo, you can easily reach Venice and discover its rich history and beauty, from St. Mark's Square, the pulsing centre of Venetian life with its famous cafés, to the Ponte di Rialto, ending with a tour on the Grand Canal.

Verona is another must see city. One of the most romantic in the world, it was immortalised by William Shakespeare in Romeo and Juliet and its Arena is the stage for many important musicals and theatre performances.

The hotel is just 30km from Padua, therefore guests can stop for a visit at the 14th-century Scrovegni Chapel, one of Giotto's masterpieces. Other art and culinary centres worth seeing are Bassano del Grappa, with its museums, and Marostica, renowned for its castle overlooking the village below.

With Venice's Marco Polo Airport just 85km away, Hotel Villa Michelangelo can also be easily reached by train or car using the high-speed rail network or the nearby highway.
